Junior Award Scheme for Schools

JASS CLUB

Junior Award Scheme for Schools (JASS) is a progressive learning programme for 10 - 13 year olds which has been designed to recognise wider achievement. A key aim has been to meet the challenges of the transition from primary to secondary but in practice it can be used at either level and is also used with wider age groups in special education settings. JASS develops the whole individual by offering recognition in four key areas: regular physical activity (Get Active Stay Active), exploring a personal interest (My Interests), working for the good of the community or the environment (Me and My World) and completing an outdoor activity or challenge (Adventure) and is designed so that participants move from Bronze to Silver and then to Gold with increasing levels of learning and challenge.
